

## Mission

The mission of CHI St. Vincent and Catholic Health Initiatives (CHI) is to nurture the healing ministry of the Church, supported by education and research. Fidelity to the Gospel urges us to emphasize human dignity and social justice as we create healthier communities.

## Chad Aduddell Market CEO

Because our patients are our first priority, we're providing care no one else does, achieving results no one else can, fostering innovations in health care, and challenging others to follow.
