

TRANSFER POLICY

Credit for Previous Training

The Admissions Committee will consider each transfer student on a case-by-case basis. Transcripts and/or training from another accredited school will be evaluated prior to admission to the program and the student will be notified if placement is approved.

If a student wishes to transfer to another program, the St. Vincent School of Radiologic Technology will supply a current transcript and clinical competency documentation to the proposed accredited school. All other efforts are the responsibility of the student transferring.

For tuition reimbursement-see tuition and fee refund policy.

FOREIGN STUDENT ENROLLMENT REQUIREMENTS

Thank you for your inquiry into the School of Radiologic Technology at St. Vincent Health System. Below are the requirements as established by the Admissions Review Committee.

- Official transcripts from all schools attended.
- Demonstrate English language proficiency with a TOEFL score of 500 or better on the paper based test or 173 on the computer-based test. This test may be taken at any local university in the United States. Contact the international programs office for details.
- Submit copies of your current I-20 passport and I-94 card.
- Proof of student status.

These requirements must be completed by the March 1st deadline. You will be scheduled for an interview by the Admissions Committee, pending eligibility as outlined by the ARRT and recognized by the Council for Higher Education Accreditation (CHEA) or the United States Department of Education (USDE).
